

PLAYMONSTER SWINGS INTO 2019 WITH NEW, WILD KIDS' GAME

Orangutwang is as Fun as it Sounds, with a Goofy Ape Hangin' Around, Holding Snacks and Waiting to Go Twaaaang!

BELOIT, Wis. (November 2, 2018) — Kids' games featuring fun, colorful characters are always popular, but add the element of suspense and it's sure to be a new favorite! *Orangutwang™* delivers on both counts, and it'll have kids jumping and laughing for more!

Just visually, *Orangutwang* is a super cool game with its two tall palm trees connected by a string, the colorful and quirky toucan lever, the bright playing pieces shaped like fruit or critters, and the giant, amused orangutan that hangs from the string! To play the game, simply roll the die to find out which play piece you get to hang on the orangutan (banana, pineapple, gecko, fruit bat or coconut). Be careful how you hang it...at some point it will be too much for the orangutan and he'll leap and swing and go twaaaanng!

The player who makes the orangutan go flying and throw his fruit and friends technically loses the game, but do they *really* lose? It's fun and hilarious to see him go twang, so really all the players are winners! *Orangutwang* is a fun, suspenseful game for two or more players, ages 4+. No batteries required. Look for it to ship in January 2019 for an SRP of \$19.99 - \$24.99.
